## **The Hechtman Group Supports Rapid Growth at Get-A-Grip Cycles**

Jordan Werblow, Partner at The Hechtman Group (THG), announced that his firm is working with one of the nation's most successful bicycle retailers, Get-A-Grip Cycles, to help achieve fast-paced profitable growth for this Chicago-based organization. "We are working with a successful business that is growing very quickly. They understand the need for sound business advice and strong financial management in order to capitalize on their new opportunities", says Werblow.

Get A Grip Cycles is the Midwest's premier bicycle retailer. They have been featured in Triathlete Magazine as a "Favorite Fitter", recognized as one of the nation's Top 100 bike retailers and have also been selected as one of only 8 bike shops in the world to be part of the Master Bike Fitters Association, an organization committed to creating uniform industry standards for professional bike fitting.

Kevin Corsello, CEO for Get-A-Grip Cycles, says "THG is helping us chart a path to becoming a larger and more complex business in order to grow our business and continuously satisfy our customer's needs. THG's specialized PRISM Services are perfect for our situation. We appreciate the senior-level financial management and well-rounded business advice they provide".
